

## AR 19

Professional aerator for reliable and long-term use. Ventilates compact lawn surfaces by punching out cylindrical plugs of earth. Rugged, all-welded steel construction with removable weights. The 5-7 tines wide unit can handle extremely tight turns, thanks to the patented free wheel design. Capacity of up to 2300 m<sup>2</sup>/hour.

### Compact design

The compact design, foldable handle, detachable weights and lifting handle facilitate loading and transport.

### Free-wheel design

The unique patented free-wheel design of the 48 cm, 5-tine wide cutting deck provides optimal manoeuvrability. Allows tight turns while working at a capacity of up to 2,300 m<sup>2</sup> per hour.

### Honda GX-engine

High-spec Honda engine. Powerful and easy to start.

### Detachable weights

Detachable weights for efficient, stable operation where the ground conditions require, such as on slopes.

### Technical data

#### Engine

Engine manufacturer	Honda
Engine type	GX120 OHV
Power	4 hp / 3 kW
Cylinder displacement	7.3 cu.inch / 118 cm <sup>3</sup>
Cooling	air
Air filter	two-step
Oil type	SAE 10W-30
Oil capacity	0.16 gallon / 0.6l
Fuel, minimum	86 octane
Fuel tank capacity	0.66 gallon / 2.5l
Spark plug	NGK BPR6ES

#### Transmission

Transmission manufacturer	Honda
Gear reduction	1:6
Chassis construction	steel
Tyre size, front/rear	10x6 / 8x2"
Ball beared wheels	yes

#### Cutting equipment

Aerating pattern	96x165 mm
------------------	-----------

### Advantages

- Rear-wheel control**  
 Rear-wheel control, allowing adjustment of working depth and settings for maximal stability.
- Robust design**  
 Robust design for demanding, professional use.
- High-specified components**  
 High-spec components ensure a long service life in demanding conditions.
- Long life bearings**  
 Sealed, permanently lubricated and self-adjusting bearings provide reliability and long life.

Aerating depth	3" / 76 mm
Aerating width	19" / 48 cm
Number of tines	30
Free-wheel design	yes
Detachable weights	2x16.3 kg
Handle	metal
Track	30" / 76 cm
Productivity	2300 m <sup>2</sup> /h

**Ergonomics**

Noise level / at rpm	98.3 dB(A)
Vibrations	0.1 m/s <sup>2</sup>

**Overall dimensions**

Product size, LxWxH	110x76x131 cm
Weight, net	291 lbs / 131 kg
