

CLIPPER C99 13HP PETROL FLOOR SAW – 18"/450MM

The C99 is a powerful and compact saw designed to cut concrete and asphalt to a maximum depth of 165mm.

The design of the C99 enables the simultaneous fitting of two 350mm diamond blades spaced 20mm apart, which enable it to be used for cutting channels and expansion joints.

The C99 can also be used with a single 450mm blade for standard floor sawing applications.

- Cutting on right hand side only
- Parking brake for increased safety
- Depth indication gauge

Maximum Blade Capacity	450mm
Maximum Cutting Depth	165mm
Weight	100kg
